CID, NCIDQ, WELL AP, ASID, IIDA

Interior Designer

## Experience

### Interior Designer 3

*KSS Architects | Princeton, New Jersey*

- Managed multiple simultaneous projects in a variety of industries through all phases of design, from programming and schematic design through construction administration.
- Developed programming documents, space plans, and test fits that align with client goals while ensuring code and ADA compliance.
- Lead the design process, creating conceptual designs, renderings, and presentation materials that clearly communicate the project vision.
- Prepared and reviewed construction documents and technical details to ensure quality and accuracy.
- Collaborated closely with clients, consultants, and contractors throughout design and construction to successfully execute the design intent.
- Selected and specified FF&E that supports the project's functional, aesthetic, and budgetary goals.
- Managed project schedules, delegated tasks, and oversaw project team workflows to ensure successful project delivery.
- Supervised, mentored, and provided technical guidance to junior designers through drawing reviews, redlines, and day-to-day project and general support.

### Intern Interior Designer

*THW Design | Atlanta, Georgia*

- Revised and edited construction documents in Revit to coordinate plans and ideas in order to comply with client needs, safety codes, and design aesthetic.
- Selected materials and furniture, working with many sales representatives to find selections that best suit the design and the client's taste.
- Collaborated with 15 designers to create unique interior features specified for senior living communities and a child development center.
